ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

Governor Douglas of Massachusetts accompanied by his staff in full uniform will attend the launching on August 31 of the new battleship Vermont at Quincy, Mass.

A petition in bankruptcy has been filed by Emerson F. Bostwick, a laborer of Burlington. He has liabilities of \$359.85 and assets of \$415, of which \$200 are claimed exempt.

A. L. Morse of Randolph Centre lost a valuable horse recently. The horse was hitched beside the road and as an automobile came along began to kick and plunge and finally dropped down dead. The exact cause of death is not known.

The improvements and renovation of the Methodist church at Bristol will be about September 1. It is estimated that the cost will be about \$1,600, of which two-thirds has been pledged. It is planned to put on a new front and change the interior.

Letters patent have been taken out by the following Vermonters: Vernon W. Jewett, Montpelier, machine for bending metal scrolls for polishing wheels; Chauncey E. Harris, Barre, assignor to S. W. Emerson, of Plattsburg, N. Y., grinding and polishing wheels.

In the fire Friday night which destroyed five barns on Kibbey's point, South Hero, owned by Mrs. Kibbey Allen, one calf which, when the fire started, was with those afterward burned, saved himself by tearing a hole in the side of the barn with his horns through which he escaped although badly burned about his back and head.

Work on the Catholic church and the priest's residence at Newport continues with moderation and the second story on the priest's house is being put up by the masons. The copper-smith work on the domes of the church towers is being put in place and the staging in the interior of the church proper has been partially removed; enough staging will be left intact, however, for use in doing the painting.

A. N. Langelier, of St. Albans town, while driving from Fairfield Monday saw three deer, a buck and two does, in a meadow beside the road. Although but a few rods from the road the deer showed no signs of fear but, raising their heads, watched the team curiously. Mr. Langelier inquired at a nearby house if the deer were tame ones and was informed that they were not but had been around the place for a week or ten days.

Work at the canning factory, the plant of the Green Mountain Packing Co., in St. Albans, comprises the getting ready of cans for the canning of corn which will begin next Monday morning. It is probable that 350,000 cans of corn will be canned this season as the outlook for the corn crop is encouraging despite the heavy rains of the early part of the season. It is impossible at present to give the output of the factory up to this time.

An Egg Within an Egg.

Mrs. D. E. Booth, of Swanton, found a curiosity in the shape of an egg last week. Upon breaking an egg she found on the inside an egg about as large as a good sized marble with a shell as hard and perfect as the outside egg. The smaller egg has not been broken yet.

An Enormous Marble Core.

What is probably the largest marble core ever taken out in the United States has been cut and removed by James Burns on the Norcross & West property in South Dorset. It measures nineteen feet and seven inches long. The place was located thirty feet below the surface. It is of excellent quality, is cut across the grain, and is perfectly sound. The firm has several other cores from ten and a half to sixteen feet long and of the same quality.

A LIFELONG RESIDENT.

R. M. Conant of Richmond Was Nearly 83 Years Old.

R. M. Conant, a lifelong resident of this town, died last Saturday night at 11.45 o'clock. Mr. Conant has been ill for several months past with peritonitis. He was born in Richmond, in the house in which his death occurred, 63 years ago, on August 20, so that had he lived he would have been 63 years of age Sunday. For many years he had been a prominent citizen of Richmond, and until a few years ago had been deputy sheriff of the town. He is survived by three sons, William Conant of Alford, Mass., J. D. Conant and Levi Conant of Richmond, a sister, Mrs. Patrick Spenser of Jericho, and a brother, H. S. Conant of Burlington.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Rickert & Wells, Special Agents.

A gramophone which, it is said, can be heard at a distance of three miles is a late invention. The instrument is named the auzetophone and is worked by means of compressed air. This is pumped in by a small engine at a pressure which can be adjusted up to over eight pounds, through a small valve, which takes the place of the ordinary diaphragm, into the trumpet. The valve consists of a number of small slots, covered with a fine comb, not unlike a month organ, and the vibration of this comb produces the sound. On a calm windless day it is estimated that, with a high pressure, the record could be distinctly heard three miles away.

Peculiar Disappearance.

J. D. Runyan of Buttrickville O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at the Red Cross Pharmacy and Parlor Drug Store. Price 25c.

BEEF, IRON AND WINE.

Beef, Iron and Wine is such an old remedy that we hardly need to mention what it is good for—everybody knows that—but few people realize that Beef, Iron and Wine is not all alike and that some mixtures called by that name are positively worthless as a medicine.

That which we make contains the proper amount of iron in its most easily assimilated form, strengthening beef extract of the best quality and the finest old imported wine. This preparation is reconstructive and a trial of one bottle will demonstrate its value.
